

# My Math Academy® My Reading Academy™

## Narrowing the Learning Gap to Grade-Level Readiness: Atlanta Public Schools

### District Demographics

- Atlanta Public Schools has 87 learning sites. As of August 2023, district enrollment is approximately 50,000 students.
- 73% Black/African-American, 15% White, 8% Hispanic, 4% other categories
- Located in Fulton County, Atlanta is the eighth most populous city in the Southeast.

### District Needs

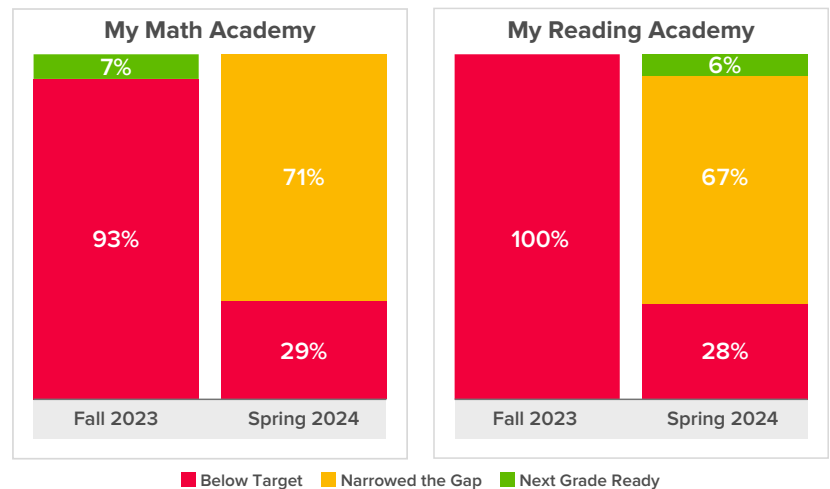

Usher-Collier Elementary School sought to increase overall growth in data measurement, number sense and operations, fluency, phonics, and word recognition.

### Implementation

*My Math Academy* and *My Reading Academy* are used across the **kindergarten and 1st grade classes**, including with Multi-Language Learners and students in special education. Multiple days a week, students engage in their personalized learning experience during whole group, centers, or rotations.

### Impact on Math and Reading Achievement

Students achieved significant learning gains by engaging with *My Math Academy* and *My Reading Academy* consistently for 20 minutes per week. The adaptive nature of both programs not only heightened student engagement but also provided students with autonomy over their learning paths, enhancing their educational experience.

### Math learning accelerated!

- By using *My Math Academy* for 23 minutes per week for 23 weeks, APS students **narrowed their learning gap to grade-level readiness by 71%**.

### Reading achievement surpassed expectations!

- By using *My Reading Academy* for 20 minutes per week for 20 weeks, APS students **narrowed the gap to grade-level readiness by 67%**. **Six of participating students saw more than 90% mastery of current and prior grade-level skills** during this time frame.
